---

## PROFESSIONAL PROFILE

Computer Science student at Howard University with experience in software engineering, data analysis, business operations, and customer-facing service. Skilled in Python, JavaScript, React, Flask, SQL, R, cloud deployment, data visualization, and workflow coordination. Built award-winning hackathon projects, full-stack applications, analytical dashboards, and a live WooCommerce storefront. Recognized for clear communication, team leadership, public speaking, and steady judgment in fast-paced environments.

## EDUCATION

### Howard University

Aug 2023 - May 2027

*B.S. in Computer Science*

Relevant Coursework: Linux Lab, Intro to Cybersecurity, Discrete Mathematics, Computer Organization, Computer Science

### La Salle University

2022

*Dual Enrollment Coursework*

### Roxborough High School

Dec 2020 - Jun 2023

*High School Diploma, Graduated with Honors*

## TECHNICAL SKILLS

- **Programming:** Python, JavaScript, PHP, Rust, Java, SQL, R, HTML/CSS
- **Frameworks & Libraries:** React, Flask, Node.js, Tkinter, Pygame, Pandas, NumPy, Matplotlib, OpenCV, scikit-learn, TensorFlow, BeautifulSoup4
- **Data & Analytics:** Data cleaning, ETL pipelines, statistical analysis, machine learning, predictive modeling, dashboard creation, data visualization
- **Platforms & Tools:** Git/GitHub, AWS, UNIX/Linux, Oracle, MongoDB, Redis, Microsoft Excel, Microsoft Word, PowerPoint
- **Web & Deployment:** REST APIs, full-stack development, cloud deployment, blockchain, WordPress, WooCommerce, Hostinger, SiteGround
- **Professional Strengths:** Teamwork, positive mindset, hard worker, customer service, conflict de-escalation, scheduling, public speaking, cross-functional coordination, inventory support

## EXPERIENCE

### Data Analysis Intern, University of Pennsylvania, Penn Medicine

Sep 2022 - Sep 2025

- Coordinated requests, scheduling, communications, and purchase approvals for 200+ laboratory investigators and university staff.
- Built internal Python applications to automate lab performance measurement and reduce manual reporting work.
- Created dashboards and visualizations using Python, Pandas, Matplotlib, and Microsoft Office to communicate lab and operational metrics.
- Wrote and maintained SQL queries to extract, validate, and analyze institutional data for research and administrative reporting.

- Used Oracle to track, manage, and analyze university fund allocation, producing structured summaries for budget decisions.
- Supported the transition from local infrastructure to cloud servers for a network of 100+ wireless temperature sensors.
- Handled sensitive HR and administrative information with confidentiality in a professional corporate environment.
- Helped plan and execute internship programming for high school students in the Philadelphia area.

### **Retail Associate, Popeyes, Philadelphia, PA**

Sep 2021 - Jan 2022

- Delivered customer service in a high-volume restaurant environment while maintaining professionalism under pressure.
- De-escalated conflicts between customers and staff using patience, clear communication, and sound judgment.
- Managed cash handling, register operations, order accuracy, and end-of-shift fund reconciliation.
- Maintained sanitation standards and supported inventory counts, restocking, deliveries, and supply logistics.

### **Woodworking Experience, Independent / Personal Experience**

2016 - 2018

- Developed hands-on woodworking experience through measuring, planning, assembling, sanding, and finishing projects.
- Built practical habits around precision, patience, tool care, problem solving, and following multi-step build processes.

## **PROJECTS**

---

### **MorganHacks 2025 Project**

*3rd Place Overall | 1st Place Commerce Track | 1st Place MLH Best Use of MongoDB*

- Built a full-stack application under hackathon time constraints using MongoDB for persistent data storage and real-time querying.
- Applied schema design and aggregation workflows to support dynamic commerce-focused application features.

### **Frontier Finance**

*MLH Solano Track Winner, HooHacks UVA 2025 | [github.com/TheeGreenGenie/HooHacks](https://github.com/TheeGreenGenie/HooHacks)*

- Built a full-stack financial analytics application with a React frontend, Python/Flask backend, RESTful APIs, and interactive data views.

### **Vocalytics**

*2nd Place, MorganHacks 2024 | [github.com/atucker2346/MorganHacks](https://github.com/atucker2346/MorganHacks)*

- Built a speech and presentation analysis tool using Python, Flask, OpenCV, machine learning, and multiple APIs.

### **SpotifyData**

*[github.com/TheeGreenGenie/spotifydata](https://github.com/TheeGreenGenie/spotifydata)*

- Created an end-to-end Python and React analysis project using machine learning classification and interactive visualizations.

### **TicketLeader**

*[github.com/TheeGreenGenie/ticket\\_leader](https://github.com/TheeGreenGenie/ticket_leader)*

- Built a full-stack ticketing platform with React, Python, user authentication, and persistent database integration.

### **GG Afrikan Eleganz**

*[ggafrikaneleganz.com](https://ggafrikaneleganz.com)*

- Manage a live WooCommerce and WordPress storefront, including configuration, product listings, plugins, and performance optimization.

## VOLUNTEER EXPERIENCE

---

### **Afro Plus Festival Volunteer, Washington, DC Area / Northwest Stadium**

Two-Time Volunteer

- Volunteered twice with Afro Plus Festival, including one role on the production team.
- Supported operations for a large multi-stage Afro-Caribbean, Hip-Hop, Afrobeats, Dancehall, and cultural event.
- Assisted with event coordination, stage support, talent support, attendee flow, and on-site operations.

### **Howard University Alternative Spring Break Volunteer, South Carolina**

Volunteer

- Contributed to community-focused service work through Howard University ASB.
- Supported team-based service activities requiring communication, adaptability, and professionalism.

## HONORS & CERTIFICATIONS

---

- 3rd Place Overall, 1st Place Commerce Track, and 1st Place MLH Best Use of MongoDB, MorganHacks 2025
- MLH Solano Track Winner, HooHacks UVA 2025
- 2nd Place, MorganHacks 2024; 6x MLH Hackathon Participant
- American Legion Oratorical State Winner
- Microsoft Excel & Word Certified; Retail Management Certified
