SUMMARY

Data Analyst working at the intersection of technical depth and business thinking — comfortable pulling raw data apart and presenting it in a way that tells a clear, actionable story. Experienced in Python, R, SQL, and JavaScript-based visualization tools, with a track record of cleaning messy datasets, building end-to-end pipelines, and translating findings into decision-ready outputs. Real-world experience in corporate data environments, financial analysis, and research support. CS Junior at Howard University (Expected May 2027).

TECHNICAL SKILLS

Languages: Python (Pandas, NumPy, Matplotlib, scikit-learn) · R · SQL · JavaScript

Visualization: Plotly · Matplotlib · Chart.js · React Dashboards · Microsoft Excel/PowerPoint

Data Skills: Data Cleaning · ETL Pipelines · Statistical Analysis · Machine Learning · Database Management

Tools: Oracle · Git/GitHub · AWS · UNIX/Linux · Microsoft Office Suite (Excel & Word Certified)

PROJECTS

SpotifyData | github.com/TheeGreenGenie/spotifydata

- End-to-end analysis of a large Spotify dataset using Python to identify popularity patterns and predict hit potential via ML classification; React/JS frontend delivers interactive visualizations

Frontier Finance — MLH Solano Track Winner @ HooHacks (UVA) | github.com/TheeGreenGenie/HooHacks

- Financial analytics app processing and visualizing personal finance data to surface trends and actionable insights; won MLH Solano track at UVA HooHacks 2025

Vireo | github.com/TheeGreenGenie

- Applied a Python/JavaScript/SQL stack to build data ingestion, transformation, and aggregation workflows feeding real-time UI components; used APIs for data capture and enrichment

EXPERIENCE

Data Analysis Intern | University of Pennsylvania (Penn Medicine)

Sep 2022 – Sep 2025

- Created performance dashboards and visualizations using Python (Matplotlib, Pandas) and Microsoft Office to communicate lab metrics to research leadership
- Wrote and maintained SQL queries to extract, validate, and analyze data from institutional databases for research and administrative reporting
- Performed data cleaning and standardization on large HR and operational datasets to ensure accuracy before downstream analysis
- Used Oracle to track and report on university fund allocation, translating raw financial data into structured summaries for decision-makers

Retail Associate | Popeyes

Sep 2021 – Jan 2022

- Applied careful attention to detail in cash handling, inventory tracking, and daily record-keeping; demonstrated strong interpersonal skills in a high-volume customer-facing environment

EDUCATION

B.S. Computer Science | Howard University

Aug 2023 – May 2027

High School Diploma (Graduated with Honors) | Roxborough High School *Dec 2020 – Jun 2023*

CERTIFICATIONS & HONORS

- Microsoft Excel & Word Certified | MLH Solano Track Winner @ HooHacks UVA (2025) | 2nd Place MorganHacks 2024 | American Legion Oratorical State Winner
